Contact your RCB to confirm Track licencing fees and/or additional requirements

Please send application form and track map to:

New applicants should complete the above track information where possible and submit with a copy of a plan drawn to scale showing details and locations of all significant surface features. Where the circuit is currently licenced you must apply for approval to alter any of the above conditions or significant features of the track. Please state the nature of any proposed alterations and where these include changes to the track itself you must submit a copy of the track plan showing the proposed changes.
