## Event Photography Accreditation Policy

### Issue:

- Number of photographers (photographers & Videographers) within the circuit at one time
- No control over media, photos and videos are being taken at events
- Safety of our riders, officials and photographers at events especially at State and open events

### Policy:

- Photographers (Photographers & Videographers) that wish to capture images from events from within the track area, must apply for accreditation through Motorcycling SA (MSA) and be approved.
- This Accreditation is in place for photographers & videographers that wish to cover state/open events
- Without this accreditation access to the track area will be refused
- Tracks will establish a MAXIMUM allowable number of photographers. Every event will be managed in accordance with this maximum but with consideration of different factors like, track infield area space, track conditions or key official's discretion.
- If the Maximum number of personnel is reached at an event, the club & officials must implement a fair and equitable schedule so that all accredited photographers have track access throughout the event.
- It is the Clubs/promoters discretion to allow or deny access to media personnel on Club and non-competitive events.
- Minimum age of a photographer to enter the track must be 16 years or older
- This policy applies to all disciplines excluding Moto Trials & Enduro
- MSA must sight a current police check

### What is required for accreditation?

- Complete a Media Accreditation application form. These forms can be obtained on the MSA website ([www.motorcyclingsa.org.au](http://www.motorcyclingsa.org.au)) or by phoning the office. A form must be received 14 days prior to an event to allow enough time to assess the application prior to the event.
- Present a current police check for sighting
- List of events (or disciplines) you wish to cover for the season, specifically state/ open events
- Read and sign the guidelines for safety at events
- Submit all completed documents to Kate Pitt at Motorcycling SA
- Accreditation is for a period of 4 Years and must be renewed at the end of this period.
- Expiry date will be 31 December

Please Note: It is the responsibility of the media personnel to contact the club that is hosting the event to advise attendance at the event. Motorcycling SA will send out updated list of accredited media to all clubs, this will insure they are aware of the people that have taken the correct channels to cover our sport.

What this accreditation allows you to cover:

### This level of accreditation allows you to:

- Photograph from within the track area, at State an Open events. Clubs may have an established policy for media personnel and this accreditation does not over rule these club policies for club level events it is the Clubs/promoters discretion to allow or deny access to media personnel. (Under their own conditions on club & Interclub days)
- People that have no formal accreditation with MSA will be refused entry to the track area at all state and open events (unless official local, state or national media wishing to cover our sport)
- If you wish to cover National events, separate accreditation is to be seek through MA for these events.
