2010 AIS Training Camp expressions of interest

Motorcycling Australia (MA) is now calling for expressions of interest from riders keen to attend high-performance programs throughout 2010.

The majority of these camps will be held at the Australian Institute of Sport (AIS) in Canberra, ACT, however, where suitable, some programs may be held at alternative venues.

These programs are aimed at riders aged 15 and over who are achieving exceptional results at a State or National level.

By filling out and returning the form available to download from the MA website at www.ma.org.au/2010aisexp riders will be expressing their interest in receiving more information about MA's high-performance initiatives in their chosen discipline.

Submitting this form does not constitute an application nor does it guarantee a place in any program and the form can also be filled out by a club representative who wishes to receive information on behalf of their club.

Riders who have submitted this form in previous years do not need to resubmit it as their details have been retained and they will be notified of suitable opportunities as they arise.

Dates for all 2010 High Performance camps will be added to the MA Calendar as they become available and riders who have submitted an expression of interest form will be contacted by email regarding appropriate camps.

Completed expressions of interest forms should be returned to:
