Notes:

Family Rebates: are given to Juniors applying for a Junior National or Junior Club Licence. The rebate is a \$30 discount on these licences

Part Affiliation: is designed to allow struggling or new clubs an option to remain affiliated. Part affiliation only allows permits to be purchased up to Closed to Club level with a premium price being paid for this privilege. All other normal charges apply such as rider levies. Is designed to be beneficial only to those seeking this and if hosting more than one event, it will be more beneficial to take out full affiliation.

Permits on Presentation Night: Please note that no permits will be issued for any activities that clash with the 2012 MSA Awards Night.

Come N Try Permits: there are MSA Guidelines for the running of Come N Try Day activities. These guidelines are available upon request but state the following important information. A maximum of 4 Come N Try Day permits can be issued to each club per calendar year. Come N Try Days require an accredited Coach and Level 2 Steward/Clerk of Course as a minimum requirement. Come N Try Day licences cannot be issued to anyone who has held a MA licence before (race or recreation including single activity licences and previous Come N Try Licences)
