

ARBON TO STEP IT UP

Luke Arbon is ready to step it up and make his move for the U19's Australian Motocross Title. As we head into the next two rounds in Queensland, Luke currently sits in 3rd position in the championship. After round 2 at Canberra last month, he's ready for the weekend in Toowoomba. Arbon is settling in to racing Nationals the Kawasaki Race Team and of course his bike. He's been working hard on his speed and fitness while recently based in Queensland. Arbon made a wise decision, heading to Queensland to add an extra string to his bow by spending time training with Australia's best. He also recently spent time filming with the guys from BlokesWorld and will feature on the show when it airs in the near future this year. Arbon saying "It's been good to have some time riding the tracks up here in Queensland and it's helped in getting my bike dialled in for the tracks too. I'm looking forward to the next two rounds as they're back to back weekends and I want to take it up a notch now and this weekend is where it will start". It's a long series and he's started well, now the time has come to step it up and make his move. With 2 rounds down, 5 to go, Arbon will be on the prowl and aiming for the number one spot. He will be hunting down the competition and looking to take over that red plate before too long.
