The 2010 Womens Motocross Championship busts out in support of the McGrath Foundation

Rebel Media Group is pleased to announce that the 2010 Australian Women's Motocross Championship will benefit the McGrath Foundation.

"Sport has enormous capacity to give back to the community and I'm so excited the McGrath Foundation has agreed to be associated with this groundbreaking event" says promoter Fiona Collins. "The goals of the McGrath Foundation are to increase breast awareness in young women along with funding much needed McGrath Breast Care Nurses across Australia.

With all the proceeds from spectator entry to the event going to the McGrath Foundation, the 2010 Australian Women's Motocross Championship becomes an opportunity for the public to contribute to a very worthwhile cause while watching the best female motocross riders in action."

The Championship will be held on:
Sunday 24 October
Albury Wodonga Motorcycle Club
Diamond Park
Lincoln Causeway
Wodonga VIC

The Albury Wodonga Motorcycle Club is no stranger to the pink cause having active in fundraising for breast cancer related charities the last few years.

Riders interested in participating in the event can register their interest by emailing wmx@iinet.net.au.

More details of the Championship will be released in the coming months so stay tuned to the MA website at: www.ma.org.au/women or check out www.prettyfast.com.au for all the latest updates.

-Ends-
